

# FOR the MONTH OF MARCH

## MARCH

FIX A LEAK BY FIXING A FLAPPER

#1 Cause of Home Water Waste

Bad Flapper

Old Worn out Flapper

Bad Toilet Flappers waste thousands of gallons of water. Don't flush your money down a toilet with a bad flapper.

*Fix the Flapper.*

Don't flush your money, save it. Put food coloring in toilet tank, after 30 minutes if coloring in the bowl, time to replace flapper.

No need to replace the whole toilet, replace flapper with a dual flush unit.

Only \$20.

Cinco MUD 8 will rebate 50% of the cost to replace the bad flapper with the dual flush unit pictured above from The Home Depot during the month of March. Purchase must be made March.

See [www.cincomud8.com](http://www.cincomud8.com) for the rebate form.
